

## Toy Making

Welcome to Toy-Making. This week we will be making our own exciting and creative toys. Each day we will create several toys to take home and enjoy. Some of the toys we may make will be kaleidoscopes, pinwheels, tic tac toe game, ring toss game, yarn doll and octopus, fishing game, decorated Frisbee, wood top, pop-up puppets, bagman toss and sky ride parachute. I hope your child enjoys this class as much as I enjoy teaching it.
